## Mandatory Stage I Water Conservation

July 20, 2018

### Re: Mandatory Stage I Rationing with Restrictions to ONCE a Week Outside Watering

#### Effective Immediately:

Parker County Special Utility District is implementing Stage I of the District's Drought Contingency Plan due to the ongoing drought and the District's water consumption has exceeded 80% of the daily maximum supply. The District's goal is to reach a 20% reduction in total use.

The water conservation measures to be implemented are as follows:

- Initiate **mandatory** conservation measures, where possible.
- All "non-essential water use" shall be **PROHIBITED** between the hours of **10 a.m. and 6 p.m.**

"**Non-essential water use**" is **defined** as washing windows, siding, eaves and roofs of buildings; washing driveways, streets, curbs and gutters; vehicle washing; unattended irrigation or sprinkler lawn watering of landscaping, shrubs and grass; draining and filling swimming pools; and flushing water systems.

Handheld hose watering of landscaping, shrubs and grass is permissible subject to the "**time-of-day**" restrictions established herein.

- Unattended irrigation or sprinkler lawn watering is permitted only **ONCE** a week on your **designated day** and is **NOT** allowed between the hours of 10 a.m. and 6 p.m. according to the last digit of your street address.

**0 and 1: Monday**  
**6 and 7: Thursday**

**2 and 3: Tuesday**  
**8 and 9: Friday**

**4 and 5: Wednesday**

**No outside watering on Saturday or Sunday OR between the hours of 10 a.m. and 6 p.m.**

Stage I Outside Residential Water Use **Enforcement Policy**:

**1<sup>st</sup> Violation - The member will be notified by a written notice of their specific violation. Excessive water users could face a rate increase.**

**2<sup>nd</sup> Violation - Installation of a flow restricting device in the customer's service line to limit the amount of water through the meter in a 24-hour period.**

**Subsequent Violations - The District may terminate service for up to 7 days and charge for the service call to restore service.**
